SPECIMEN COLLECTION

TEST PANEL ORDERS (All test panels include validation testing for determination of dilution and adulteration)

DIRECT-TO-DEFINITIVE DRUG TESTING (direct to LC-MS/MS analysis)	
<input type="checkbox"/> comtoxU	COMPREHENSIVE TOX PANEL Confirmatory level testing used for selective identification and quantitation of over 100 drugs and metabolites with drug classes that include amphetamines, benzodiazepine (therapeutic and designer), ecstasy, gabapentinoids, heroin, opiates, oxy-opiates, muscle relaxants, sedatives (non-benzodiazepine), synthetic stimulants (bath salts), antidepressants and antipsychotics.
	
Scan the QR code for a listing of all drugs and metabolites in the direct-to-definitive and confirmation panels	
<input type="checkbox"/> buptoxU	BUPRENORPHINE TOX PANEL Buprenorphine, norbuprenorphin, naloxone, nornaloxone
ALCOHOL AND CANNABINOIDS	
<input type="checkbox"/> etgttoxU	ALCOHOL TOX SCREEN Qualitative Screening for ethylglucuronide (ETG)
<input type="checkbox"/> thctoxU	CANNABINOID TOX SCREEN Qualitative Screening for THC metabolite (carboxyTHC)
<input type="checkbox"/> OTHER TEST(S) Specify _____	

DRUG CONFIRMATION ORDERS

amphetU	<input type="checkbox"/> AMPHETAMINES	Amphetamine, methamphetamine, MDMA, MDA, MDEA, phentermine, pseudoephedrine	fentylU	<input type="checkbox"/> FENTANYL	Fentanyl, norfentanyl, betahydroxyfentanyl, 4-ANPP (synthetic precursor)
benzoU	<input type="checkbox"/> BENZODIAZEPINES	Alprazolam, α -hydroxyalprazolam, clonazepam, 7-aminoclonazepam, diazepam, nordiazepam, lorazepam, oxazepam, temazepam, midazolam, flurazepam, hydroxyethylflurazepam, triazolam, α -hydroxytriazolam	heroinU	<input type="checkbox"/> HEROIN	Morphine, 6-acetylmorphine
buprenU	<input type="checkbox"/> BUPRENORPHINE	Buprenorphine, norbuprenorphine, naloxone, nornaloxone	hydroxycU	<input type="checkbox"/> HYDROCODONE & HYDROMORPHONE	Hydrocodone, hydromorphone, norhydrocodone, dihydrocodone
cannabU	<input type="checkbox"/> CANNABINOIDS	Carboxy THC, cannabidiol (CBD)	methadU	<input type="checkbox"/> METHADONE	Methadone, EDDP
cocainU	<input type="checkbox"/> COCAINE	Cocaine, benzoylecgonine	nicotnU	<input type="checkbox"/> NICOTINE	Cotinine
ecstasU	<input type="checkbox"/> ECSTASY	MDMA, MDA, MDEA	opiateU	<input type="checkbox"/> OPIATES	Morphine, codeine, 6-acetylmorphine, oxycodone, noroxycodone, oxymorphone, noroxymorphone, hydrocodone, norhydrocodone, hydromorphone, dihydrocodeine
etgetsU	<input type="checkbox"/> ETHANOL METABOLITES	Ethylglucuronide (ETG), ethylsulfate (ETS)	oxyopU	<input type="checkbox"/> OXYCODONE	Oxycodone, noroxycodone, oxymorphone, noroxymorphone
			pcpU	<input type="checkbox"/> PHENCYCLIDINE	Phencyclidine
